St. Greg/IRIC OSP

December was so good to our crew at STG OSP. Although the last week brought on a bit colder weather, most of the month was spent enjoying the snow with sledding, mountain climbing and many snow angels!

One of our biggest interest has been building and fine motor manipulating. We've brought in bunchems, plus plus, Lego and plain wooden blocks and seen so many incredible things happen with them. Building houses, whole cities and character creations happens on the daily and it's so exciting to see each Star develop their skills and imagination.

We are looking forward to all the big adventures the new year brings for OSP. We plan to bring in more special guests and would love to know - what can you share with us? Unique jobs, food or dance styles from your culture, new languages? Our Stars love learning so we would love to hear from you if there's anything you can share, or if there is anything your Star has expressed an interest in, so we can bring it to them!

Important dates:

Jan 2 & 3 Holiday Care
Jan 31 PD day

Jan 1- Registration
Opens
Jan 6 - First Day Back

Birthdays:

3 Laila
12 Ava
26 Aela
27 Axl
29 Kassy
31 Jacob

Reminders:

- Please ensure that your Stars are prepared to play outside everyday! We love the snow and fresh air is so important especially after being in school all day!
- Try to label all items as well so anything lost can be easily returned
